List of Offenses by Guideline

Oregon Judicial Department

Updated January 1, 2026

Overview and Purpose

The Office of the State Court Administrator (OSCA) is publishing this Release Guidelines Categorization List as required by Chief Justice Order (CJO) No. 24-014. ORS 135.233 requires the Chief Justice to establish release guidelines for Presiding Judge standing pretrial release orders. CJO 24-014 established those release guidelines and directed the State Court Administrator to determine the release guideline category into which each Oregon felony and misdemeanor falls and create a list setting out that determination.

The Release Guidelines Categorization List is intended to be available as a tool to assist the sheriff of the county, or the entity supervising the local correctional facility, with the application of the release guidelines established by CJO No. 24-014.

OSCA has also made available an Excel spreadsheet that lists each offense by statute number and allows for searching by statute number and sorting by specified categories (e.g., guideline category, penalty level, type of offense). The spreadsheet is available on the OJD Pretrial Program website.

Changes from Previous Release Guidelines Categorization List

This document is effective on January 1, 2026, and it supersedes the Offense Categorization List published on September 26, 2025.

This document adds several offenses to the Release Guidelines Categorization List and modifies or removes offenses already included in the List. Many of those offenses either were created or modified by legislation adopted during the 2025 session that took effect on January 1, 2026. Additionally, the List was updated to include previously existing offenses that were added to the Judicial Department's case management system.

The offenses that were added, modified, or removed are listed in the chart on page 2.

The list otherwise remains the same as published on September 26, 2025.

We anticipate publishing the next update to this List in Spring 2026 to incorporate additional changes made during the 2026 legislative session and update statutory references (*e.g.*, update offenses listed under Oregon Laws with the assigned ORS number).
