Everything Can Be Improved

You may now obtain access via the internet to Odyssey for Linn County (as well as many other counties) by going to <http://courts.oregon.gov/ojd/Pages/index.aspx> , clicking the box at right labeled OJIN On Line and you can sign up for access to Odyssey. You will have to establish a user identity and password. If you are already an OJIN on line subscriber you do not need to sign up a second time for that. The name for this new access system is OECI which stands for Oregon eCourt Case Information.

There is a charge for public access and you will learn about that charge when you go through the sign up process. If you have questions you may call the Help-Desk at 800-922-7391. Members of the public may still view case records in the courthouse at the window in Room 107 without charge, however if hard copies are requested they will cost 25 cents per page.

You can see court calendars and case summary information on line from your remote location at this time. Calendars are visible at this website as well: <http://courts.oregon.gov/Linn/Pages/courtcalendars.aspx> .

We will provide you with more information as it becomes available.
