Independent Student

College Cost Reduction and Access Act

In general, here are provisions of the College Cost Reduction and Access Act, which Congress is about to pass and the President has already said he will sign. It's the budget reconciliation bill for FY 2008. Read on:

The definition of independent student does add emancipated minor and being in a legal guardianship to the definition of independent student, effective July 1, 2009. It also changes the orphan or ward of the court until age 18 to be orphan or ward of the court or in foster care at any time on or after 13 years of age. So starting July 1, 2009 we will no longer have the issue of confusion over what ward of the court really means -- Congress has resolved the issue by saying that all of the above qualify as independent.

ILP services are available to former foster youth that were discharged from care at age 16 or older with at least 180 days (six months) of foster care placement services after age 14. Youth can be returned home, in a guardianship, or living independently and still retain eligibility for some ILP services. The ILP Housing services are the only ILP services a former foster youth will lose if discharged after age 16 and prior to age 18 (with 180 days of care).

To access services as a former foster youth, the youth will need to go to the local DHS child welfare office and request “voluntary services.” The youth will then go through the intake process. If the youth is under the age of 18, the parent(s) will need to sign the Voluntary Services request (form CF 304). If a young adult (age 18 – 20), the youth can sign for themselves. All services end at age 21 – ETV may be an exception.

For details about Youth Transitions and ILP services see the DHS Procedure Manual (Chapter 4, Sections 29 and 33) at:

Requirements at Independence: “Transition Tool Kit” Checklist

When the court relieves the Department of custody of the child/young adult, the caseworker must provide the child or young adult with a “Transition Tool Kit.” These are the essential documents, written records, and official forms that youth transitioning out of care need to have regarding their medical history, for employment purposes, or to continue their post-secondary education. It is important to sit down with the youth to go through the information and to **be open to answering questions of significance to them**. Most of these important documents should already be in the case file. If they are not, then the caseworker should start to gather these at least 60 days prior to the court hearing (some will take longer to obtain, so the caseworker should plan accordingly).

This includes:

- Information about family/placement history/tribal affiliation unless the information would endanger themselves or another child.
- Location & status of siblings & contact information the child/young adult can use should he/she want to obtain this information in the future unless the information would endanger themselves or another child.
- Health and immunization records, including whether they have identified a Health Care Representative and completed an Oregon Advanced Directive. The *Former Foster Care Youth Medical Referral Form* should have previously been completed with the youth but if there are questions or additional assistance is required, contact the DHS Children’s Medical Unit (CMED) at: 503-945-5720 or 503-947-2598 or Email: 5508.C-med@state.or.us.
- Birth Certificate (original, with copy in file as the majority of situations requiring a birth certificate as documentation require the original).
- Official proof of citizenship or residency
- Social Security Card (original, as the majority of situations requiring a social security card as documentation require the original).
- Driver’s License or other form of state photo ID
- If applicable, copy of parent’s death certificate
- Written verification of placement in substitute care through the Department or one of the recognized tribes between the ages of 14 to 18. This information will assist a youth should s/he decide to move out-of-state and attempt to access Chafee ILP or ETG services.
- Copy of the youth’s credit report
