

# COURTS' PUBLIC SERVICE HOURS BY LOCATION

(Last Updated: February 29, 2016)

The chart below shows the public service hours for state appellate courts, Tax Court, and circuit courts.

State circuit courts establish times and days of court services availability ("court hours") in two ways, by their local rules (SLR 1.151) and, when temporary service limitations or closures are necessary for budget reasons, by order of the local presiding judge (PJO). A PJO issued on court hours temporarily supersedes an SLR on court hours without requiring the reprinting of SLR to show the change. That change may only be shown in the order, by posting at the local court, and on the attached chart.

As a public convenience, the Oregon Judicial Department provides the following "court hours" chart to make it easier for the public and those practicing before the courts to likely know the current court hours for a specific state court. The chart has a column showing the "source/filing date" for the court hours shown for each specific court location listed. **If that column shows the source as a "PJO," the court hours shown in the SLR for that court will have been superseded, and the hours established by the PJO will control and be the complete statement of court hours for that court.**

**WARNING.** The attached court hours chart represents information on file with the Office of the State Court Administrator. Changes may have occurred to court hours after that time. Information not on file by or changes made after that date and time are still controlling even if not reflected in the attached court hours chart. If you are subject to a specific date or deadline concerning a court activity, you may want to verify with the court that the information shown on the attached court hours chart is still correct.

## APPELLATE AND TAX COURTS
