Oregon Judicial Case Information)	
Network (OJCIN))	PRELIMINARY ORDER TO ESTABLISH
)	PERMANENT FEES FOR USE OF
)	OREGON JUDICIAL CASE
)	INFORMATION NETWORK SYSTEMS

By virtue of the authority vested in me as Chief Justice of the Oregon Supreme Court by ORS 1.002(6), the following fees shall be charged by the State Court Administrator:

- 1) For OJCIN subscriptions initiated on or after the effective date of this order, a one-time, non-refundable fee of \$150 will be required to establish an OJCIN account.
- 2) For OJCIN subscriptions initiated before, on, or after the effective date of this order, the fees shall be:
 - a) For sole practitioner attorneys and entities designated by the State Court Administrator as a legal-aid organization or legal non-profit organization, a recurring fee of \$40 per month plus \$10 per month for each user profile established under an account. Document access is included at no additional charge at levels authorized.
 - b) For small law firms with two to ten attorneys, a recurring fee of \$55 per month plus \$10 per month for each user profile established under an account. Document access is included at no additional charge at levels authorized.
 - c) For medium law firms with eleven to fifty attorneys, a recurring fee of \$75 per month plus \$10 per month for each user profile established under an account. Document access is included at no additional charge at levels authorized.
 - d) For large law firms with more than fifty attorneys, a recurring fee of \$90 per month plus \$10 per month for each user profile established under an account. Document access is included at no additional charge at levels authorized.
 - e) For Title Companies or Collection Firms, a recurring fee of \$215 per month plus \$10 per month for each user profile established under an account. Document access is included at no additional charge at levels authorized.
 - f) For Data Resellers, a recurring fee of \$1500 per month for each user profile established under an account. Monthly bulk data downloads may be added for an additional \$575 per month (requires approval and agreement to terms of use). Document access is included at no additional charge at levels authorized.

“Data Reseller” means a subscriber who accesses the OJCIN system through an automated or programmatic data retrieval/collection interface (screen scraper, bot, etc.) or who uses OJCIN data either through a bulk data download or real-time online data as part of a commercial integration, bi-directional data exchange, reporting solution, data aggregation, data mining solution, third-party

API or web service offering, or multi-jurisdictional and/or national database solution.

- g) For all other individuals or organizations, a general access user account may be established for a recurring fee of \$40 per month plus \$10 per month for each user profile established under an account. Document access can be added for an additional \$50 per month (requires approval) at levels authorized.
- 3) An optional report package may be added on to a subscription for an additional \$25 per month (standard report package includes criminal judgment index, civil judgment index, and case index).
 - 4) A \$65 account reactivation fee will be assessed to any account that is disabled for nonpayment, and later reactivated after all outstanding fees are paid.
 - 5) A \$35 non-sufficient funds check fee will be assessed to any account where a check has been returned for insufficient funds.
 - 6) Payment of the fees set out in paragraphs (1) and (2) shall allow the subscriber access to the public case information and registers of action contained in the OJCIN, which includes the Appellate Case Management System (ACMS) and the Oregon eCourt Case Information network (OECI). Payment of the fees also may allow an authorized user to access public documents online contained in the OECI and ACMS systems, consistent with access privileges granted to that user and subscription type. Access also may include information and documents in certain non-public cases for subscribers who are so authorized to receive such access by law and OJD electronic access policies.
 - 7) OJCIN subscription user fees will not be charged to entities identified by the Judicial Department as Designated Government Users. With State Court Administrator approval, user fee charges may be waived for other Oregon government users, or to attorneys, who are independent contractors, but have current provider contracts with the Office of Public Defense Services and for whom the majority of their legal practice is conducted under cases assigned to them pursuant to those contracts.
 - 8) All subscribers must complete and meet OJD subscriber agreement requirements in order to have a subscription and to be subject to these fees.

This preliminary fee order will be issued in its final form after the July 31st public comment period ends. The final order will take effect September 1, 2017. It will supersede CJO 14-038.

DATED this 29^A day of June, 2017.

Thomas A. Balmer
Chief Justice
