

Oregon Judicial Department Remote Hearings Litigant Guide

This guide is for persons (litigants) with a case scheduled for a remote hearing and who are not an attorney or witness. Remote hearings are any hearing where one or more people participating in the case appear by video or phone. Occasionally, everyone participating will appear by video or phone. If the hearing is fully remote, litigants, attorneys, and witnesses will not be able to participate from the courtroom.

The courts use **Webex Webinars** to host these remote hearings. Webex Webinars may be joined from a computer, mobile device such as a smartphone or tablet, or through audio by phone.

Before the Remote Hearing

- Contact the court or, if you have an attorney, ask your attorney to contact the court, if any of the following apply:
 - Your contact phone number or email address changes.
 - You are unable to find a private, quiet location with reliable internet connectivity or phone coverage.
 - You do not have a phone or reliable phone service.
 - You do not have childcare or coverage for other caregiver responsibilities.
 - You require an interpreter and the language required, for yourself or a witness.
 - You need any ADA accommodations.
- Make sure you are in a private, quiet location where there are few interruptions and distractions so that you can fully participate in your case.
- Make sure that whatever device you use to connect to the remote hearing is charged and has a reliable internet connection.
- Do not share the hearing invite, link, or password with anyone. Contact the court if you think someone else needs the remote hearing information.
- If you are joining by smartphone, download and sign up for the Cisco Webex Meetings app.
- Test your audio and video prior to the scheduled remote hearing time at <https://www.webex.com/test-meeting.html>.
- Have the court phone number available before the time scheduled for the remote hearing. If you have technical issues or your connection drops, you should call the court.
- If you are represented by an attorney, verify before the hearing how you will talk to your attorney privately during the remote hearing.

During your Remote Hearing

- Connect to the remote hearing through the calendar invitation 5 to 10 minutes early to test the connection and resolve any technical issues.
- Use headphones equipped with a microphone, if possible. Your voice will be clearer when you talk, and participants in the case will be able to better hear you.
- Confirm that your device microphone and webcam are on and the speakers are turned up.
- Confirm that audio and video are turned on in the Webex Webinar, so everyone in the hearing can see and hear you. This can be managed through the Webex Webinar controls.
- After you make sure that audio and video are working on your device, mute your audio until the judge or other court staff asks you to talk.
- Mute any other devices that you have in the room. Having a second set of speakers will cause a feedback loop, or high-pitched squeal. Other devices may also create an echo.
- Court may not start right away, please be patient and wait. The court may be finishing another hearing.
- Court will begin by taking a roll call of the participants. The judge will give everyone an opportunity to speak.
- Everything you say will be recorded. Do not participate in any conversations during the hearing that should not be part of the court record.
- Say your name each time you start talking, by saying, "This is _____," so that the record (recording) is clear about who was talking.
- Stay on mute until you are called on and remember to mute after you are done speaking.
- Only one person at a time should be talking. You should pause 1 to 2 seconds before talking in case there is a delay.
- Do not speak at the same time as someone else. Participants must take turns.

- Inform the court if you cannot hear, if your phone or computer are cutting out, or if you have other problems with the technology. It is important that you are able to participate.
- Do not record the hearing without official approval from the court.
- Do not broadcast or live stream the hearing.
- Do not use a speakerphone.
- If you are connecting by telephone, do not place the call on hold at any time.

General recommendations when joining a remote hearing by video:	Additional recommendations when joining from a mobile device:
<ul style="list-style-type: none"> ○ Dress appropriately as if you were in a courtroom; a solid color is recommended. ○ Be aware of what is behind you, find a solid color wall if possible. ○ When you talk, look directly at the camera, not at the screen. 	<ul style="list-style-type: none"> ○ Plan to hold still while appearing via video; moving around is distracting to the other participants. ○ Keep the camera pointed to your face.
<p>If you are having a hard time hearing, mute your computer microphone and speakers with the Webex Webinar controls, and call the phone number for the remote hearing. Before you call into the phone number, let the judge know that you are having trouble hearing and will be calling in. (You will be able to participate through by phone and still use video.)</p>	

Please remember this is a court proceeding and participants must behave accordingly. Remove personal photos, distinguishable information, and any other personal items that you do not want the public to see in your background.
