In Re:) Case No. WA1300001
)
WATERS OF THE KLAMATH RIVER) ORDER AMENDING CASE
BASIN) MANAGEMENT ORDER #67 AND
) ALLOWING ALTERNATIVE SERVICE OF
) PROPOSED ORDER

This matter came before the court on a motion by the Oregon Water Resources Department (OWRD) to amend the schedule in Case Management Order (CMO) # 67 and to allow for the use of an alternative means of service of its Proposed Order regarding this court's February 25, 2025, Opinion on exceptions to *Walton* and Klamath Termination Act (KTA) claims. The parties that asserted those exceptions -- the *Walton* and KTA parties -- do not object to OWRD's motion. According to OWRD's certificate of service, its motion was served on all parties listed on the current Klamath Basin Adjudication (KBA) service list, and no party has filed a timely objection to the motion. Accordingly, OWRD's unopposed motion is GRANTED. The schedule in CMO # 67 is modified as follows:

- February 13, 2026--Oregon Water Resources Department to file Proposed Order
- March 20, 2026--Deadline for filing objections (if any) to the Proposed Order
- April 3, 2026--Deadline for filing responses to objections
- April 13, 2026--Deadline for filing replies in support of objections (optional)
- April 24, 2026, at 1:00 p.m.--Hearing on objections to proposed order (if necessary)

OWRD's Proposed Order is expected to be voluminous. In lieu of serving hard copies of the Proposed Order by mail to the parties listed on the KBA service list who receive service only through the mail, OWRD may notify those parties in writing by mail that they may review the Proposed Order in any of the following ways: (1) The Proposed Order will be posted on the Klamath Basin Adjudication website; (2) Hard copies of the Proposed Order will be available for inspection at the Klamath County Circuit Court; and (3) a copy of the Proposed Order will be mailed upon request to OWRD for a mailed copy of the Proposed Order.

Dated December 29, 2025.
