Jury Selection – Voir Dire

1. When the Webex host admits you into the meeting, they will check in with you to make sure that your equipment is working properly.
2. If you have forgotten to change your display to your Panel Number, the Webex host will ask you to disconnect from the meeting, rejoin, and change your name.
3. Be prepared to see around 20 other jurors in the Webex Meeting. You will also see a courtroom attendee that will display live video from a courtroom. It is from this courtroom attendee that you will see the judge, attorneys, and parties participating in jury selection.
 - a. In some instances all the parties may agree to a “fully remote” jury trial. In this scenario you may see a separate video for each attorney, their client(s), and the judge.
4. The judge and attorneys will then complete “voir dire,” the part of jury selection in which they will ask questions of each juror.
5. Once voir dire has been completed, you’ll be excused from the Webex Meeting. Please watch your email for additional instructions.
