

IN THE OREGON TAX COURT
Court Administration

IN THE MATTER OF TERMINATING)	ADMINISTRATIVE ORDER NO. 25-005
USE OF THOMSON/REUTERS CASE)	
CENTER EXHIBIT MANAGEMENT)	ORDER TERMINATING USE OF CASE
SYSTEM)	CENTER EXHIBIT MANAGEMENT
)	SYSTEM

Pursuant to an Oregon Judicial Department (OJD) pilot program, the Magistrate Division of the Oregon Tax Court implemented the Thomson/Reuters Case Center system for filing trial exhibits starting on January 30, 2024. The Tax Court Rules - Magistrate Division (TCR-MD) were amended to require use of Case Center in certain circumstances. The pilot program also has been underway in the Coos/Curry, Clatsop, Linn, and Deschutes County circuit courts. On September 11, 2025, OJD Enterprise Technology Service Division (ETSD) advised the courts that, due to lack of statewide funding, the pilot program will be discontinued and use of the program terminated effective December 1, 2025.

For this reason, effective immediately, use of the Case Center system is hereby terminated in the Tax Court, and no litigants are required or permitted to use Case Center. The court will revise its rules to address the termination. Until the court's rule revisions become effective, the court directs litigants as follows:

- TCR-MD 12 B (1) and (2), and TCR-MD 12.1 are no longer in effect. Litigants should instead use TCR-MD 12.2.
- No action is needed regarding exhibits already submitted to the court; these exhibits already are available to the court in PDF format.

- This order has no effect on cases in the Regular Division, which has never authorized the use of Case Center. Now, therefore,

IT IS SO ORDERED.

Dated this 12th day of September, 2025.
