## Consecutive Interpreting: Advanced Skills Building for Spanish Interpreters

Karen Borgenheimer

Saturday, April 11th 12:00 PM—2:00 PM

2 OJD Language Specific Credits\*

This 2-hour, Spanish - English advanced skills building clinic seeks to help the interpreters improve their Consecutive Interpreting (CI) skills through hands-on, guided consecutive interpreting practice in: Notetaking, Memory, Visualization, Proper Register (formal and informal), Intonation and Expression. These elements will be combined to achieve ACCURACY. Participants will polish these skills through intense practice with CI materials created from authentic legal proceedings.

### Goals and Objectives:

- Enhance interpreters' confidence through contextualized practice in consecutive interpreting.
- Improve note-taking techniques by creating a personalized system.
- Improve memory skills through visualization exercises.
- Reinforce correct consecutive interpreting technique with hands-on practice
