

Revision History: Initial Topic
Update: Provide Description

Juvenile Dependency Judgments

There are multiple juvenile dependency judgment types that can be entered in Odyssey.

NOTE: *If the judgment document applies to more than one child, complete the data entry and relate the document to each separate case.*

Statistically Relevant Codes:

- **Judgment – Jurisdiction Not Found (JGNF)**
- **Judgment – Dismissal – Juvenile (JGDL)**
- **Judgment – Jurisdiction (JGJU)**
- **Judgment – Jurisdiction/Disposition (JGJD)**
- **Judgment – Disposition (JGDS)**
- **Judgment – Establish Paternity (JGPT)**
- **Judgment – No Paternity (JGNP)**
- **Judgment – Review (JGRW)**
- **Judgment – Permanency (JGPE)**
- **Judgment – Terminating Wardship and or Jurisdiction (JGTW)**

IMPORTANT: When entering a Judgment of Jurisdiction and/or Disposition you must check all causes of action for all parents in order to satisfy the Time to Jurisdiction on Both Parents report.

Judgment Not Found in Jurisdiction

1. Add the judgment to the *Disposition (F12+O)* tab.
 - a. Select the *Type* of **Jurisdiction Not Found (JGNF)**.
 - b. In the Comments field, add the name of the petition being resolved.
 - c. Select the **Judge**.
 - d. Select any *Causes* disposed of from the judgment.
2. Add the **Digitized Judgment Document (JGIM)** event.
 - a. Enter the **Signed** date.
 - b. Select the **Judge**.
 - c. **Link/Relate/Scan** the *Judgment*.
